

Honour Roll of all New Zealanders wounded in action (WIA), killed in action (KIA) or died of wounds (DOW) in Vietnam

This list was made available to Capt Flinkenberg by the then Casualty Officer at Defence Headquarters, Mr A Wesseldine. His willing assistance was much appreciated at the time trying to establish the official record.

Editors note: All records are in date of incident order – where there are more than one soldier involved in the same incident, they are listed alphabetically. The date is as recorded on the incident report. Soldiers who died of wounds in theatre are recorded against their date of death. The footnotes identify the incidents cited in gallantry awards
